# Zing went the strings!

Music to my ears: the Young Friends of the Palm Beach Symphony kick off another sensational season of charity and service providing the gift of music to children in the community. This season's group of notable music lovers includes chairman J. Roby Penn IV, and the group hosts its inaugural event in the courtyard of The Royal Poinciana Plaza in Palm Beach tonight from 6 to 8 p.m. Enjoy complimentary cocktails, savory bites, and a special strings-only performance by students from the U.B. Kinsey/ Palmview Elementary School of the Arts.

As past chairman and as a current executive committee member of the YFPBS, I'm admittedly partial, but this really is one of the most festive young-friend groups (this is Palm Beach, so age is of course relative). No long speeches, just inspiring music to spread the good news that the arts provide to children in the community.

Tickets cost \$50 for non-members and are available at palmbeachsymphony.org/youngfriends or by calling 561-655-2657. See you there!

# Florida Power & Light Company (FPL) helps 'Light The Night' for Leukemia & Lymphoma Society

The Palm Beach Area Chapter of the Leukemia & Lymphoma Society (LLS) announced Florida Power & Light Company (FPL) as the Celebration & Community Presenting Sponsor with a \$25,000 donation to raise awareness and funds to find cures, and provide access to treatment for blood cancer patients. The 2018 West Palm Beach Light The Night event, LLS's annual fundraising initiative, will be held on Friday, Nov. 9 at FITTEAM Ballpark of the Palm Beaches.

"FPL is pleased to join LLS this year in the fight to end cancer. Cancer affects our employees, families, loved ones and strangers alike," said Pam Rauch, vice president of external affairs and economic development

for FPL. "Supporting local events like this is one of the ways that FPL works with the communities we serve to make Florida an even better place to work and raise a family."

FPL employees have been holding fundraising initiatives and formed walking teams to raise even more money. Sam Forrest, vice president of energy marketing and trading for FPL, and current board chair for LLS, has been recognized as one of the top fundraisers in the country. Culminating in inspiration and memorable evening walks every autumn, participants in 150 communities across North America join together for Light The Night. Coming together for a common goal, friends, family

and co-workers form fundraising walk teams and carry illuminated lanterns to take steps to end cancer - white for survivors, red for supporters and gold in memory of loved ones lost to cancer.

"When a loved one hears the words 'you have cancer,' it is one of the darkest moments in your life," said Pam Payne, executive director for LLS. "At Light The Night, it is our aim to bring light to the darkness of cancer through research and cures, and reinforce the urgent need to raise more funds to fight cancer."
